<div style="border:1px solid">

Practical No. 1

To describe components of a network.

</div>

Problem Statement 1:

Study and describe the following concepts in your words:

1. Client
2. Server
3. Communication
4. Protocols
5. Ports
6. Network

Note:

1. Create a **handwritten document** of the above stated concepts.
2. Scan the document and **create a pdf file** with **"ExamSeatNum_P#PS#" as its name**.
3. Upload the file on the **WCE Moodle** before the given deadline.
